## Truth in Savings Disclosures Promotional Certificate Account

Effective Date: February 1, 2024

These Truth in Savings Disclosures set forth current conditions, rates, fees and charges applicable to your promotional certificate account at Express Credit Union at this time. The Credit Union may offer other rates and fees or amend the rates and fees contained in this schedule from time to time. Each account holder agrees to the terms set forth on these Truth in Savings Disclosures and acknowledges they are part of the Membership and Account Agreement.

Accounts	Dividend Rate	Annual Percentage Yield	Minimum Opening Balance	Additional Deposits	Dividends Compounded/ Credited	Renewable
12 Month Certificate	9.00%	9.00%	\$200	Not Allowed	Monthly	Not Automatic

### TRUTH IN SAVINGS DISCLOSURES

The following disclosures apply to the account above opened between February 1, 2024 and December 31, 2024. To receive the 9.00% APY, the account must be opened on the 9<sup>th</sup> day of a month with new funds (funds transferred from sources outside Express Credit Union, or in an Express Credit Union account for less than 2 months). Maximum opening balance of \$5,000.

- 1. Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. The Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the initial term of the account. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.
- 2. Dividend Period.** The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
- 3. Dividend Compounding and Crediting.** The compounding and crediting frequency of dividends are stated in the Rate Schedule.
- 4. Balance Information.** The minimum balance requirements applicable to the account are set forth above. To open any account you must deposit or already have on deposit at least the par value of one full share in a Regular Share account. The par value amount is \$5.00. Some accounts may have additional minimum opening deposit requirements. Dividends are calculated using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. To get the average daily balance, we add the balance in the account for each day of the period and divide the result by the number of days in the period.
- 5. Accrual of Dividends.** Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. If you close your account before accrual dividends are credited, accrued dividends will not be paid.
- 6. Transaction Limitations.** Your ability to make deposits to your account and any limitations on such transactions are stated above. After your account is opened, you may make withdrawals subject to the early withdrawal penalties stated below.
- 7. Maturity.** Your account will mature as stated on this Truth-in-Savings Disclosure or on your Account Receipt or Renewal Notice.
- 8. Early Withdrawal Penalty.** We may impose a penalty if you withdraw from your account before the maturity date.
- 9. Amount of Penalty.** The amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows: (i) Term of 12 months or less - 30 days' dividends plus \$10; and (ii) Term of Longer than 12 months – 90 days' dividends plus \$10.
- 10. How the Penalty Works.** The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal.
- 11. Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal under the following circumstances: (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction; (ii) where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after the establishment; or where the account is a Keogh Plan (Keogh), provided that the depositor forfeits an amount of at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59½ or becomes disabled.
- 12. Renewal Penalty.** The account will not automatically renew for another term and you will not be paid dividends on the account after the maturity date. Upon maturity, the account balance will be transferred to your Regular Share account.

**13. Nontransferable/Nonnegotiable.** Your account is nontransferable and nonnegotiable.
